CERAMIC PROTECTION SHAMPOO

Powerful degreasing detergent specially designed to wash surfaces and car bodywork treated with **CNX1000 CERANIUM™ CERAMIC PROTECT COATING** or used as a protective shampoo. Its special formula contains liquid ceramic designed to strengthen the protective coating of **CNX1000 CERANIUM™ CERAMIC PROTECT COATING**.

USE(S): washing and degreasing of surfaces treated with **CNX1000 CERANIUM™ CERAMIC PROTECT COATING**: boats, cars, motorbikes, camper vans, modern surfaces, bodywork, paints, plastics, glass, metal, aluminium, stainless steel, wood etc.

ADVANTAGES :

- Excellent degreasing cleaner for use on all washable surfaces.
- Removes dirt, various pollutants, de-icing salt, etc.
- Does not leave any marks on the surface once dry, can be easily re-wet.
- Leaves the washed surface with a clean gloss finish.
- Strengthens the protective coating applied with **CNX1000 CERANIUM™ CERAMIC PROTECT COATING**.
- Pleasant fragrance.
- Non-toxic formula: safe for the user and the environment.

PRECAUTIONS FOR USE:

Do not apply the product onto hot surfaces or in extreme temperatures. Never allow the product to dry on any surface.

INSTRUCTIONS OF USE:

Respect usual safety measures for the use of chemical products and wear the appropriate individual protection equipment.

High-pressure washing: add the undiluted product to the high-pressure washer equipment and ensure the dosage is about 1% or 2%. Spray, rub with a brush and rinse, taking care to keep the nozzle at least 30 cm from the surface of the body at all times.

Hand washing: add 30ml (fill the dosage cap 3 times) of **CERANIUM™ SHAMPOO CERAMIC COATING** to a 10L bucket. Apply the solution with a sponge or brush and rub onto the surface, then rinse with clear water and wipe the surface with a microfibre cloth.
For optimum results, apply our **CNX50 CERANIUM™ MAINTENANCE COATING** protective and gloss wax.

For more detailed information please consult our technical support.

TECHNICAL SPECIFICATIONS:

Physical state: liquid

colour: orange

pH: ca. 9,5

density: ca. 1,01

Storage: keep tightly closed and protected from cold, frost, UV rays and heat in a ventilated place.

Environment: The surfactants contained in this preparation comply with the criteria of biodegradability as defined in Regulation (EC) no 648/2004 on detergents.

Legislation & safety: Please read the recommendations on the safety data sheet and the original packaging. Do not mix with other products. Safety data sheet available on request.
